What's New

World's 1st Ranking,MSI Motherboards Get 84 "Certified for Windows Vista"

MSI, one of the world leaders in motherboard design and manufacturing, presents the successful result of its Windows Vista certification on motherboards. Due to the active effort since last year, MSI has 84 motherboards get the Windows Vista certification on the "Windows Vista Hardware Compatibility List" so far, and is ranked as the 1st one of motherboard manufacturers in the world. This successful result shows that MSI motherboards no doubt are the best choice for customers to run windows Vista ! <More...>
